6. MBTA Arlington Heights bus turnaround. Roughly 30,000 square foot site owned by MBTA, used for bus storage, turnaround, small building with comfort station for drivers. MBTA is open to proposals for private use or Town use, as long as they can still use for buses and drivers. Ideas include use and improvement by Panera, or public parking, or transportation oriented development.

Sue and Brenda Kokubo have petitioned Lexington neighbors, who are interested in working with the Town, and support changes. Current proposal is for traffic calming measures on Westminster Avenue both west and east of Westmoreland and on Lowell

Street near the Res. Will bring recommendations to Working Group, and written recommendations to next meeting.
